LIVE SURGERY SEMINAR

VERTICAL AND HORIZONTAL BONE AUGMENTATION
WITH XENOGENIC BLOCKS

OsteoBiol® Sp-Block
OsteoBiol® Dual-Block

VENICE DENTAL CENTER
7TH JULY 2012
VERTICAL AND HORIZONTAL BONE AUGMENTATION WITH XENOGENIC BLOCKS

Speaker: Dr Marco Esposito
DDS, PhD, Director Postgraduate Dental Specialties, University of Manchester, UK

Speaker: Dr Pietro Felice
MD, DDS, PhD, University of Bologna, Italy

Speaker: Dr Giuseppe Verdino
MD, DDS, PhD, Head of OMF Surgery Department, Omegna (VB), Italy

PRESENTATION

Vertical and Horizontal augmentation procedures remain a clinical challenge, however in a few instance they represent the only available option to allow dental implant placement.

This course will focus on:

1) the inlay technique using a cancellous heterologous block for augmenting posterior mandibles with about 5 mm of residual bone height above the mandibular canal. This technique has been evaluated in several randomised clinical trials and is one of the most documented vertical augmentation procedures.

2) the onlay technique using a cortico-cancellous heterologous block for augmenting atrophic ridges in the maxilla. This technique has proven a good predictability during clinical trials.

After a brief summary of the scientific evidence behind augmentation procedures, participants will assist to 2 live surgeries, so they could see the procedure under real clinical conditions and will receive, in about 6/8 months, complete clinical information of the outcome of the implant rehabilitation.

VERTICAL REGENERATION WITH INLAY TECHNIQUE
FEMALE, AGE 60, NOT-SMOKING

Dr Pietro Felice

Dr Pietro Felice graduated in dentistry (1998) and medicine (2002) at the University of Bologna. Since 2006 he has been a lecturer in the Master course on Periodontics and Implantology at the Department of Odontostomatological Sciences, University of Bologna. In 2009 he was awarded his Ph.D in Maxillofacial and Dermatological Reconstructive Sciences at the Maxillofacial and Oral Surgery Unit of Bologna University.

Dr Felice has published articles in international peer-reviewed journals and serves on the editorial board of the European Journal of Oral Implantology and the Cochrane Collaboration. He works in private practice limited to reconstructive preprosthetic surgery and implantology.

Dr. Giuseppe Verdino graduated in Medicine and Surgery at Università Cattolica del Sacro Cuore, Rome, in 1996, and in Dentistry at the University of Rome “La Sapienza” in 2002. In 2006 he was awarded his Ph.D. in Maxillofacial Surgery at the University of Rome “La Sapienza”. He is author of several scientific articles and lectures frequently in national and international congresses.

Head of the Oral & Maxillo-Facial Surgery Department, Omegna (VB), Italy.

Sp-Block: THE INLAY TECHNIQUE FOR VERTICAL AUGMENTATION

Dual-Block: THE ONLAY TECHNIQUE FOR HORIZONTAL AUGMENTATION

Sp-Block and Dual-Block have been identified as products with a very interesting handling, that used in specific clinical applications, provide a high rate of bone regeneration with good predictability.

VENICE | 7th July 2012
1 day | 2 live surgeries | 3 lecturers

Speakers: Dr Marco Esposito, Dr Pietro Felice, Dr Giuseppe Verdino

LIVE SEMINAR

VENUE
Venice Dental Center
Via G. Saragat 1/10
30174 Mestre (VE)
ITALY

COST
600€ (VAT included)
Minimum no. of participants: 15
Maximum no. of participants: 30

REGISTRATION DEADLINE
18th May 2012

ENROLLING PROCEDURE
Send an email to edu@tecnoss-dental.com to receive an Enrolling Form. Enrolling Form will have to be filled, signed and returned to Tecnoss® Dental together with a down payment of 200 € (fully refundable if course is cancelled)

PLEASE DO NOT BOOK FLIGHTS OR HOTELS UNTIL THE COURSE IS CONFIRMED

PAYMENT DEADLINE
1st June 2012

RECOMMENDED HOTEL

LIVE SURGERY SEMINAR

VERTICAL AND HORIZONTAL BONE AUGMENTATION WITH XENOGENIC BLOCKS

**OsteoBiol® Sp-Block**
**OsteoBiol® Dual-Block**

**VENUE**
Venice Dental Center
Via G. Saragat 1/10
30174 Mestre (VE) | ITALY

**DATE**
Saturday 7th July 2012

**SCHEDULE**
Friday night: arrival and welcome dinner

Saturday:

09,00-10,30 Dr Marco Esposito Bone augmentation procedures: the scientific evidence
10,30-11,00 Dr Pietro Felice The inlay technique for the posterior mandible
11,00-11,30 Coffee break
11,30-13,00 Dr Pietro Felice Inlay technique Live Surgery
13,00-14,00 Lunch
14,00-15,00 Dr Giuseppe Verdino The onlay technique in the maxilla
15,00-16,00 Dr Giuseppe Verdino Onlay technique Live Surgery
16,00-17,00 Discussion
